The global voice for science

2023 Intake of ISC Fellows

**International
Science Council**

The global voice for science

The ISC Fellowship recognizes individuals for their outstanding contributions to the promotion of science as a global public good. The Fellowship is the highest honour that can be conferred on an individual by the International Science Council.

ISC Fellows

Intake of December 2023

Honorary Fellows

Macharia Kamau, Kenya – Government of Kenya

Csaba Kőrösi, Hungary - Government of Hungary

Fellows

Shaukat Abdulrazak, International Atomic Energy Agency (IAEA), Austria

Roula Abdel-Massih, Central Michigan University, USA

Palitha Abeykoon, World Health Organization and Ministry of Health, Sri Lanka

Alice Abreu, Federal University of Rio de Janeiro, Brazil

Ramia Al Bakain, University of Jordan, Jordan

Mohamed-Slim Alouini, King Abdullah University of Science and Technology (KAUST), Saudi Arabia

Amal Amin, National Research Center, Egypt

Awang Bulgiba Awang Mahmud, Academy of Sciences, Malaysia

Olubukola Oluranti Babalola, North-West University, South Africa

Paul F. Bandia, Concordia University, Canada

Hiba Baroud, Vanderbilt University, USA

Ghada Bassioni, Ain Shams University, Cairo, Egypt

Linda-Gail Bekker, Desmond Tutu HIV Centre, University of Cape Town, South Africa

Paul Arthur Berkman, Science Diplomacy Center™, USA

Zulfiqar Bhutta, Aga Khan University, South-Central Asia, East Africa & United Kingdom

Gregoire Borst, Université Paris Cité (CNRS), France

Guy Brasseur, Max Planck Institute for Meteorology, Germany

Peter Bridgewater, Australian National University, Australia

Paul Cannon, University of Birmingham, United Kingdom

Deliang Chen, Department of Earth Sciences, University of Gothenburg, Sweden

Jun Chen, National Geomatics Center, China

John Church, Climate Change Research Centre, University of New South Wales, Australia

Mareli Claassens, University of Namibia, Namibia
E William Colglazier, American Association for the Advancement of Science, USA
Hanna Dabkowska, International Union of Crystallography and McMaster University, Canada
Rana Dajani, The Hashemite University / Society for Advancement of Science and Technology in the Arab World, Jordan
Felix Dapare Dakora, Chemistry Department, Tshwane University of Technology, South Africa
Silvina Ponce Dawson, University of Buenos Aires and CONICET, Argentina
Meghnath Dhimal, Nepal Health Research Council, Nepal
Roseanne Diab, University of KwaZulu-Natal, South Africa
Robbert Dijkgraaf, Ministry of Education, Culture and Science, Netherlands
Laura Ferrarese, National Research Council of Canada, Canada
Tamás Freund, Hungarian Academy of Sciences, Hungary
Bojie Fu, Research Centre for Eco-Environmental Sciences, Chinese Academy of Sciences, China
Javier García Martínez, University of Alicante, Spain
Shaily Gandhi, CEPT Research and Development Foundation, India
Leopoldo Gerhardinger, Institute of Environmental Science and Technology, Universitat Autònoma de Barcelona, Spain
Margaret (Peggy) Hamburg, American Association for the Advancement of Science (AAAS), USA
Hussam Hussein, Royal Scientific Society (RSS), Jordan
Asma Ismail, International Islamic University, Malaysia
Daniela Jacob, Climate Service Center Germany (GERICS) / Helmholtz-Zentrum Hereon GmbH, Germany
Saroj Jayasinghe, University of Colombo, Sri Lanka
Lekelia Jenkins, Arizona State University, USA
Carlos Alberto Vargas Jiménez, Colombia National University, Colombia
Renaud Jolivet, Maastricht University, Switzerland
Matthias Kaiser, University of Bergen, Norway
Mitsunobu R. Kano, Okayama University, Japan
Maki Kawai, National Institute of Natural Sciences, Japan
S. Karly Kehoe, Saint Mary's University, Canada
Haseena Khan, University Grants Commission and Bangladesh Academy of Sciences, Bangladesh
Naim Akhtar Khan, University of Bourgogne and INSERM U 1231, France
Jennifer E. Lansford, Duke University, USA
Benedikt Löwe, University of Hamburg and University of Cambridge, Germany & United Kingdom
John Ludden, GEORG Geothermal Research Cluster, Iceland
Wolfgang Lutz, International Institute for Applied Systems Analysis (IIASA), Austria
Roy MacLeod, University of Sydney, Australia
Alberto Mantovani, Humanitas Clinical Research Institute, Italy
Narinder Mehra, Indian National Science Academy, India
Lai Meng Looi, University of Malaya / Academy of Sciences, Malaysia
Peter Messerli, Wyss Academy for Nature at the University of Bern, Switzerland
Jovana Milic, Adolphe Merkle Institute, University of Fribourg, Switzerland
Dikabo Mogopodi, Botswana Academy of Science, Botswana
Andreea Molnar, Swinburne University of Technology, Australia
Barend Mons, Leiden University, Netherlands
Jan Marco Müller, European Commission, DG Research and Innovation, Belgium
Virginia Murray, UK Health Security Agency, United Kingdom

Vasey Mwaja, Kenya National Academy of Sciences, Kenya
Vidushi Neergeen, University of Mauritius, Mauritius
Marian Asantewah Nkansah, Kwame Nkrumah University of Science and Technology / Ghana Academy of Arts and Sciences, Ghana
Bruce Ovbiagele, University of California, San Francisco, USA
Edgar Pieterse, University of Cape Town, South Africa
Wibool Piyawattanametha, King Mongkut's Institute of Technology Ladkrabang and Michigan State University, Thailand
Cheryl Praeger, University of Western Australia, Australia
Emmanuel Raju, University of Copenhagen, Denmark
Gabriela Ramos, United Nations Educational, Scientific and Cultural Organization (UNESCO), France
Keywan Riahi, International Institute for Applied Systems Analysis, Austria
Anina Rich, School of Psychological Sciences, Macquarie University, Australia
Moritz Riede, Department of Physics, University of Oxford, United Kingdom
Clarissa Rios Rojas, United Nations, United Kingdom
Corina Risso, Institute of Basic, Applied and Environmental Geosciences of Buenos Aires, University of Buenos Aires, Argentina
Brian Schmidt, Australian National University, Australia
Palesa Sekhejane, Human Sciences Research Council, South Africa
S. Ravi P. Silva, University of Surrey, United Kingdom
Katalin Solymosi, Eötvös Loránd University / Young Academy of Europe, Hungary
Hamish Spencer, University of Otago, New Zealand
Nils Christian Stenseth, Centre for Ecological and Evolutionary Synthesis (CEES), University of Oslo, Norway
Magdalena Stoeva, International Union for Physical and Engineering Sciences in Medicine, Bulgaria
Ramesh T. Subramaniam, University of Malaya, Malaysia
Suad Sulaiman, Sudanese National Academy of Sciences (SNAS), Sudan
Oyewale Tomori, Redeemer University, Nigeria
Collin Tukuitonga, Faculty of Medical and Health Sciences, University of Auckland, New Zealand
Jacqueline Uku, Kenya Marine and Fisheries Research Institute, Kenya
Joachim von Braun, Bonn University, Center for Development Research, Germany
Cyrus Pan Walther, International Association of Physics Students / TU Dortmund University, Germany
Jun Xia, Research Institute for Water Security / School of Water Resources and Hydropower Engineering, Wuhan University, China
Khatijah Yusoff, National Institutes of Biotechnology Malaysia / Universiti Putra Malaysia, Malaysia
Yongguan Zhu, Research Center for Eco-environmental Sciences, Chinese Academy of Sciences, China

See the full list of Fellows, along with the Fellowship Council, [here](#).

The International Science Council (ISC) is a non-governmental organization with a unique global membership that brings together 40 international scientific Unions and Associations and over 140 national and regional scientific organizations including Academies and Research Councils
